The writing of the Glandeo
Angelium was started in
June 1912 and still progressing
up to January 1916 without
change on account of
the loss of said picture
of little Miss Anne Aronberg
taken from Chicago Daily
News of June May or
July. In case of no
return by March 1916
the Glandeo will
not be forced into
submission but shall
progress better than
before whipping the
Christians to the bitter
end. Petition for
return of same said
picture was requested
some time in March
1915 and a year
from then only can
give chance for
Christian success.

On account of the loss of manuscripts and pictures of children the huge disaster and calamity at Graham's lane will never be atoned for no matter if even the lost articles should be back even now. It would be more disastrous if the Christians went into action there again. The losses of sacred articles shall be avenged to the uttermost limit no chance will be given now.

Angelina, my wife, with out another year. The little girl first day had almost been born. A appalling disaster to the Christian army. Six army corps. The commanding general. A battle of the front of the Christians. The entire force that was in the morning were not only defeated but killed. The command officer killed and the Christian force driven through the Wharfedale and the roads to

A kind day of battle.
Many soldiers were slain,
Loses were alluring.
Christian armies were
surging back and
forth in the
mightiest of their
swords in the way of
Christianism. Many
soldiers up to time
and down again with
one of their
numbers killed
in the mountain valley
to the north and
south their was all an
to the Lord. I have
seen of thousands
of men. I have seen
themselves from
the mountain
of Christianism.
Many Christians
were caught and
driven in.

The frightful situation at
Glorinia and the disasters
at Anonburgs

of this.

Calvernia is desolated,
its inhabitants almost

frightful carnage at

This warning also concerns the armory situation, the recovery of Pheasantbury, Big Girlknool, and, Cumbria and the loss of many pictures of children.

To avoid this tragedy the prayers and petitions for the return of said articles must return before Angelinians start general invasions into Angelinia and Abbreannia.

March 1916 passed with little hope of Christian success now. War may surely be lost.

Tragedy at Brigano cause of armory mistakes. Vivian girls almost fatally injured. Their lives will be readily lost on July 4/1918 if lost of manuscripts are not returned by that time. Either they will be lost or their parents will pay the cost with the destruction of the Christian armies under their own commands. In this case, under this serious situation there will be no mercy shown whatever. The loss of children's pictures and manuscripts, and rejection from army shall be irremediable.

On August 1916 Club through reasons not stated here was broken up. Great loss in future on account of it makes situation for Christian cause worse. Our altar pulled down. Can't be paid to Christian nations. Christians will be saved now only if God permits me to gain the means of earning property so that I can adopt children without suffering them the dangers of unsupport. Only chance now left there will be no other under any condition. Condition so serious that progress in missionary is delayed.

Enlisted into the American
army September 20 1917 in
expectation of having chance
of seeing great war.
Reduced in health at critical
time. Failure of limbs
and right shoulder to
support me in trying
to make success in
drilling. Serg. Eyes go
on the arm. Rejected
from military service
December 6 1917. Received
Discharge papers
December 29 1917. Sent
home. Another cause
why Christian defeat
is impending. Most
serious threat of all.
Will not relent in
threatening safety of
Christians.
